

## Illustrations

I have located both footnotes and illustrations in the margins of the text in order to enable easy access to my references and sources. As a result, the pictures in the margins of the text are reproduced at a small scale. These are intended to serve less as conventional illustrations than as *aides-memoires* and I would encourage the reader to look to existing sources for higher quality reproductions.

1-2	Ilya Kabakov, <i>The man who flew into his picture</i> 1981-88	page 1
3	Tim O'Riley, <i>Here, there, over here, over there</i> 1996	5
